TRULUX™ Invisible Slot Channel

Achieve a slim, clean edge in remodel slots, with the Invisible Slot Channel. This is a screw or glue down high quality aluminum extrusion without a separate insert, so you'll need to cover the channel while you're doing any of the mud work, texturing and painting. End caps finish each end and the lens snaps into the one-piece channel.

Best suited applications:

Ceiling/wall slots, hallways, corridors, lobbies, theaters, and accent lighting
